

GARD DEV 16

PVA/EMULSION ADHESIVE CLEANER

DESCRIPTION

DEV 16 is a concentrated water based cleaner developed to quickly break down all cold adhesives and starch which builds up in and around packaging/application equipment. DEV 16 can be used as a wash down cleaner to all surfaces which become contaminated with cold glue/starch.

POWERFUL

The unique formulation of DEV 16 enables users to circulate the product through the whole pumping system which in turn will give a deep cleaning action to glue lines, spray valves etc.

SAFE TO USE

DEV 16 is non-toxic, non-flammable and completely biodegradable.
NSF Approved: Nonfood Compounds Program Listed (K3) 150505

SUPERIOR BENEFITS

DEV 16 may also be used to clean roller systems, pallets and shafts within the bottling/labelling
DEV 16 will quickly penetrate and breakdown cured starch which accumulates around plant and equipment.

EASY TO USE

Add DEV 16 to hot or cold water (preferably hot) at a dilution of 1 to 4 parts water and circulate through the system. Alternatively use at the above dilution to wash areas clean.

(Easy to follow instructions are on every pack)
